You can nominate to attend a course by email (admin@airsafe.com.au), telephone, fax or mail. Confirmation of your booking, by your preferred method, will be sent once your nomination is received. We can invoice or accept credit cards for payment of course fees, just tell us what suits you best.

Unscheduled Courses

We try to cater for your needs and frequently schedule extra courses to meet demand. Please ask us if you have any special requests and we will do our utmost to meet your needs.

Help Line

As people don't necessarily deal with exporting or dangerous goods all the time, we offer a free help line to try and answer your questions. If we can't answer your question, we usually have access to someone who can. The help line can be used for all exporting or dangerous goods questions, course information and bookings.

(08) 9277 6968 (within Australia)

General Information

The short courses offered by **AIRSAFE** are training programs, where the participant's objective is to develop, maintain, or improve employment related skills.

Each course has set **Objectives** and the **Method of Training** is in lecture form, encouraging discussion and involvement. The **Outcome** of the program is that participants acquire working knowledge and the ability to perform tasks and achieve set objectives.

Course fees include training material and coffee and tea however lunch is not always provided.

To cancel or defer from a course you must notify us at latest two working days before the course begins. Refunds for cancellations made after this time are at the discretion of the management.

(Note: Due to low participant numbers or scheduling issues the course may be reduced from two to one day).

Profile

AIRSAFE was one of the first dangerous goods schools to be internationally accredited by (IATA) 1991 and have been conducting training in the IMDG since 2004. Our instructors have extensive transport industry background and are certified level IV workplace trainers and assessors or equivalent.

Our customers come from the resources, aviation, manufacturing, logistics, shipping and freight industries, plus regulators.

Countries in which we have trained include: Vietnam, Kazakhstan, Myanmar, Qatar, Oman, India, Singapore, East Timor, Malaysia and United Arab Emirates.

COURSE

Dangerous Goods by Sea – Full Accept

Classroom course or CBT on-line

PO Box 347
Cloverdale 6985
Western Australia

Tel: +61 8 9277 6968
Fax: +61 8 9277 6975
email:
admin@airsafe.com.au
web:
airsafe.com.au

Purpose

Come along and learn how to interpret and apply the International Maritime Dangerous Goods (IMDG) code and Australian Marine Orders (MO) to shipments of hazardous materials being transported by sea. Full compliance with the Code, plus an understanding of the concepts behind it, will ensure the safety of maritime transport (and of course the environment), and ensure that Australian and international laws are not broken.

The course is designed to provide comprehensive training in the theory and practical aspects of shipping dangerous goods by sea. It examines the IMDG Code and provides you with a systematic approach to packaging and documenting a hazardous shipment for sea transport. There are follow-up exercises to reinforce the knowledge acquired.

Content

This course contains information on:

General Awareness functions:

- Classification;
- Identification,
- Stowage, handling and segregation;
- Packing Cargo Transport Units (shipping containers)
- Initial emergency response

AMSA Accept functions:

- Packing and packaging;
- Marking, labeling and placarding;
- Documentation.

Course Qualification and Recognition

This course is approved as Accepted by the IMO recognized authority:

The Australian Maritime Safety Authority (AMSA) – approval numbers 5164 & 5243.

A certificate is issued on successful completion of an end-of-course questionnaire. The course is based on the 2018 IMDG incorporating all the changes. Under the current AMSA training approval system, the qualification is valid until the 31 December 2021.

Who Should Attend?

If you are involved with packaging, marking, labeling, documentation or control of dangerous goods to be transported by sea, then this course is for you. It's also ideal for freight forwarders and consolidators involved with sea freight, and anyone needing a comprehensive understanding of the processes of shipping dangerous goods by sea.

Level of Competency

No previous knowledge or experience with sea transport or dangerous goods is required to complete the course.

Course Fee

Classroom course – AUD385.00 (including GST)

(Note: Due to low participant numbers or scheduling issues the course may be reduced from two to one day).

CBT – online through our web-site - AUD275.00 (including GST)

Dangerous Goods by Sea – Full Accept - Brief Syllabus

1. Introduction

- The basis of the regulations
- Application of the Code
- Responsibilities
- Using the IMDG Code

2. Classification

- Classes & Divisions and Packing Groups
- Class 1 through to Class 9 classification criteria
- Marine Pollutants
- Classification of Multiple Risks
- Material Safety Data Sheets and Emergency Procedure Guides

3. Identification

- Accessing and understanding the information from the DG List, Special Provisions and Alphabetical Index in the IMDG.

4. Limited and Excepted Quantities of Dangerous Goods

- Applicability
- Quantity limits
- Packing, labeling, marking and documentation

5. Packaging & Tank Provisions

- General packing requirements
- Package specification markings
- Overview of packaging standards and testing requirements
- Specific packaging requirements for Class 1 through to Class 9

6. Consignment Procedures

- Minimum requirements when identifying, marking, labeling and placarding dangerous goods, containers and vehicles
- Labeling, placard and sign specifications
- Documentation required under the Australian Maritime Orders
- Completing the multimodal form as a Shipper's Declaration and Container Packing Certificate.

7. Provisions Concerning Transport Operations

- Stowage
- Segregation of Packages and CTU's
- Stowage and Segregation by Class of DG
- Incident and fire precautions for Dangerous Goods
- Transport and Packing of CTU's
